

I have recently learned that the FCC is considering expanding LPFM service which could result in one of my favorite radio stations no longer being available. The K-Love station that I am referring to has served me, and many others in my community with wholesome and uplifting music and commentary. I use this resource daily to counter much of the negative media influences around me. The absence of this choice in my life, and the lives of many of my friends, would be a great loss and disappointment. Thank you for considering my comments.
